

What?

Muizenberg High School has created a Gmail account for one parent of every child.

This will be the main communication channel where teachers are able to communicate with parents.

MHS parents, lets go Google!

Sign up and lets start communicating!

How?

Visit the MHS website and Facebook page for instructions and information about how you as a parent can access your school Gmail account.

All parents will receive a Gmail address using the password Mbhs2021 to sign in.
